Himalayan Sensation Homeopathic Seminar, 2010

It is wonderful to be here, my first trip to Kullu. The mountains, special magic. Nothing to complain about the venue. Dinesh and Jayesh inspired me. I am going home to Oz open. Rebecca has done a brilliant job to help us to get here.

Just one of the very best seminars I have ever attended. This overall statement includes from the very first contact with the beautiful website, organization in general, warm welcome, accommodation and of course the fabulous teachers. Really inspiring and enriching experience. Thank you very much.

The seminar has been an absolute wonder – delightful in all realms. As a participant I have felt included, I have learnt a great deal and I have managed to fill every waking moment with optional extras – chanting, yoga, and meditation. Most importantly each participant has the opportunity to grow spiritually whilst they are here. Venue – excellent; Speakers/teachers – fabulous; Teaching method – a wonder.”

**Jenni Tree (U.K.)**

“Brilliant. A lot of hard work, much appreciated. Glad it all came good. Dinesh – very good despite broken foot. Jayesh also, ...”

**Evelina Scerbo. (Egypt)**

“No words are explicit enough to express the energy of this place! The knowledge, teaching skills and above all the unique “Presence” of both teachers Dinesh and Jayesh are awesome!

Please keep the Himalayan Sensation on,....”

I've enjoyed every minute of my stay in Naggar. I'm very impressed by both teachers – Dr. Dinesh Chauhan and Dr. Jayesh Shah. I feel so inspired to study more homeopathy. It was also a self-transforming journey for me. The yoga and meditation, the Bhajan singing in the evening, the concerts, everything was just perfect. Thank you so much for giving me the opportunity to become part of this SENSATIONAL experience!!

GREAT!!!

First I was amazed by the way Dinesh was dealing with children. Then what Jayesh is doing. It is like jumping from an airplane without a parachute and you find yourself flying.

The journey of the sensation method seems to be at its highest point. But it has been so at each step. I want to thank Rebecca and her team for all they did to make us feel good, to help us find or understand what we needed. For the chants in the evening, for the fantastic Indian musicians etc.

It was astounding. I loved every minute. Enlightening homeopathically, culturally and personally for me.

An amazing space and time was created for the group of us to come together to share and learn so much about Homeopathy and each other. It was truly a wonderful and eye-opening experience for me on so many levels. I can't wait to come back in 2012.

Wonderful!! A gentle exploration of the subtleties of case taking without the strain. Both (teachers) are masters in their trade. And such a magical place with healing properties for everyone.

This was a fantastic seminar. Very well organized. I think Dinesh was excellent, I had never seen him prior and his teaching skills were very precise. Jayesh is just amazing. ..Thank you all for your hard work, it was clear that your heart and souls were in it.

Mind-blowing, devastating, thrilling experience. A true journey into the ocean of awareness where things become so easy. Venue: great; Speakers: dedicated; Organization: "Impeccable". Price range: worth every penny.

**Pierrette Gengoux (France)**

It was a place to integrate my knowledge, to understand why I do this type of homeopathy. The wonderful atmosphere of the seminar, the perfect organization, all what was available to the participants, the quiet responsibility of the organizers, their kindness, the participation of the participants – few in number in a little village.

The teaching and the intervention of the participants was on a high level.

**Anna Koller-Wilmking (Germany)**

This was the one of the best seminars that I ever attended. It was just first quality in every aspect. The teachers were just great, caring, loving. The organization team couldn't do any better. Thank you.

**Lies Van Den Assum (Holland)**

I want to thank you for all the work you have done to make the second Sensation seminar a big success again. This time it was a different experience for me from last year, I was more open/receptive. It was a nice group. The tent was wonderful; it gave beautiful atmosphere, more warm and intimate.

**Sil (New Zealand)**

The organization was amazing. Rebecca has done a fantastic job and I can see how hard she is dealing with 50 egos/people, it is a hard job. Speakers and video: Perfect.

Dinesh: I like his case taking and system to get to the center. He helps us to find the center really easily.

Jayesh: Awesome case taking, I like the intuition. Good presentation skills.

Thank you so much for this wonderful experience. I am so happy that I could attend this unique seminar. Something that will always remain in my mind are the meditations with Rebecca. I enjoyed the whole seminar and the combination of our two masters is really good. My meditation case-taking is softer and need at some times maybe more deeper inquiring.... but I learned more about passive case-taking... and specially the heart connection... giving a shift to deeper awareness !  
Namaste

This seminar has been boundary-breaking and horizon-expanding. It has been the best homeopathic seminar I have ever attended.

Dinesh has provided a thorough reproducible, teachable system of case-taking, and deepened the process of case-taking to one of case witnessing. He is a beautiful person and a superb teacher.

Jayesh then consistently demonstrated how healing can transpire during the case-witnessing process.
